- *If you select a position that is less than 5 credits, when you get back to your cart, it will ask you to select another volunteer session. Once you have 5 credits, you will be able to proceed with checkout.*
- *If you select a position and later find out you can not make that date/time work, you will have the option to swap date/time with someone else and/or select another task.*
- *If you select a position(s) and do not complete the task, nor do you sign up for a different one, \$200 will be added to your Uplifter account before the end of the season.*

14) Next step is selecting the sizes for the articles of clothing. If you have already figured out the sizes, simply click the “pencil” (edit button) of each article that is highlighted red in your cart. If you need to reference the sizing charts, scroll to the top of the page, and click “View Sizing Chart”. (You can click for full screen for each size chart and save as an image if you want to reference it when you go back to your shopping cart.)

15) Now that you have selected your volunteer positions (or paid \$200), AND selected the sizes for the clothing, the red lines should disappear, and you are ready to checkout.

16) Carts over \$2500 will default to “Pay by Installments”. You have the option to “Pay by Installments” (8 equal payments, minus the deposit) or “Pay in Full”.

17) Sign and accept the policies and proceed with checkout.
