

Memo

To: Competitive and recreational program members and Selkirk Selects staff members.

From: Selkirk Selects Gymnastics Club and the Board of Directors.

Date: October 30, 2020

Re: Gym Closure

Critical Level

Winnipeg Metropolitan Region

Sports/Recreation Programming: Suspended

Effective tomorrow, October 31, 2020, Selkirk Selects Gymnastics Club will be closed indefinitely.

The Manitoba Government announced this afternoon that the Winnipeg Metropolitan Region (which includes Selkirk) will enter the red "Critical Level" of the Pandemic Response System, which means that all sports/recreation programming is **suspended**.

The announcement stated that the red/critical response level will last at least two weeks but could be longer. As more information becomes available will update all of our members via email. Please be sure to follow our [Facebook](#) and [Instagram](#) accounts where we post frequently, and to regularly check our [website](#) for the latest COVID-19 updates.

Depending on how long we remain in the red/critical level, two things may happen:

1. Refunds may be issued
2. Make up classes may be offered.

Our priority from day one has been everyone's safety. Please continue following public health guidelines in an effort to keep yourselves, your families, and others safe. Together we can #StopTheSpread.

Stay home, and stay safe. We look forward to a time when we can safely see you all again ❤️
